

North Town Primary School and Nursery – PE and Sports Premium Funding 2025-26

At North Town Primary School and Nursery, we pride ourselves on promoting healthy lifestyles through the taught curriculum, extra-curricular activities and participation in sports festivals and inter and intra school competitions.

Our school vision is to create a physical education curriculum that motivates, inspires and develops every child's enthusiasm to become a lifelong learner and participator in sport and knowing how to keep fit and healthy. We aim to give opportunities for all pupils to develop their physical, leadership and coaching skills. As a school we want to create a thrill around physical activities where every child feels confident and ready to participate. Additionally, we use money to enable our children to compete in inter school competition as part of our School Games involvement.

Primary Sports Premium: This financial year the school will receive £19,760 to support and develop the delivery of high-quality PE and sport in school. We have a school development plan that demonstrates how we intend to achieve this.

How we will use the money effectively: Every decision made when spending the money will have a clear intent, linked to one of the 5 key indicators and our PE quality improvement plan.

Sustainability: We have ensured that we now have systems in place which will ensure that staff are continually well trained, competition is an integral part of what we do, a rich variety of after school clubs and curricular P.E. opportunities are available and are at the core of what we provide. Our sport and P.E. provision are embedded in the fabric of our school life.

NORTH TOWN
PRIMARY SCHOOL & NURSERY

PE and Sports Premium Funding 2025-26

Area of Spend	Total Cost	Description of Provision	Key Indicator	Impact of Provision
Curriculum – Real Dance CPD	£350	Every teacher attended a twilight CPD session surrounding Real Dance and the Real PE model.	Increased confidence, knowledge and skills of staff in teaching PE	Real Dance has been embedded into our PE curriculum, and staff have the knowledge and resources to teach high quality lessons.
Resources	£121	Coaches/minibus' are booked for various events throughout the year.	Broadening the range of sports and physical activities offered to pupils	Allowing more children to attend and access events that we would otherwise be unable to.
	£1,548	Equipment orders to ensure the PE shed is fully stocked.	Increasing participation in competitive sport	Helping staff to deliver lessons to the highest quality.
Extracurricular Activity	£2,192	The SASP Buy In allows us to attend regular sporting events, aimed at all different abilities in a broad range of sports. As a school, we try to offer as much as we can, trying to encourage as many children as possible to represent the school in different activities. Through our SASP affiliation, we also get the chance for every child to attend a year group festival, along with other initiatives such as the Leadership Academy and PE support in school.	Raising the profile of PE across school Broadening the range of sports and physical activities offered to pupils Increasing participation in competitive sport	A large number of opportunities for a range of children and increased participation, with over 60% of UKS2 children attending events. The overall profile of PE and Sport in school has remained high, with the school community aware of the efforts, success and achievements we make at school.
	£30	An affiliation with the Somerset Cricket Board gives us extra opportunities and enrichment days to work closely with SCCC.	Increased confidence, knowledge and skills of staff in teaching PE	
	£2,500	Supply cover and overtime to allow staff to attend sporting events.		
	£4,025	Sports coaches from Saints Southwest deliver sessions during KS2 lunchtimes to ensure structure and quality during lunchtimes.		

Coaching Support	£6,090	A PE specialist from Premier Education attends every Monday. The specialist delivers intra-sport to our KS2 children, helping embed competition within our school curriculum. The specialist also delivers intervention sessions with 4 different groups of KS1 children.	Raising the profile of PE across school Broadening the range of sports and physical activities offered to pupils Increased engagement of all pupils in regular physical activity	Every child in KS2 is given the opportunity to compete in ability banded school sport. Children are making progress and improving their fundamental skills, monitored via co-ordination APDR's. Many make significant progress and no longer need to attend the PE intervention sessions.
Provide Opportunities for Children to Lead	£120 £120	A group of Y6 students attended the SASP Leadership Academy Staff costs to run a Change 4 Life club in school. The club is run by Y6 children, for selected Y2 children supported by a member of staff.	Raising the profile of PE across school Broadening the range of sports and physical activities offered to pupils	Our sports leaders have increased confidence and skills to deliver sessions in school to KS1 children. More opportunities for sports leaders to enhance their leadership skills, along with a variety of activities and games for KS1 children. Some KS1 children are more active in other clubs in and out of school after attending the club.
Booster Swimming	£263.75	Our swimming curriculum allows our Y4 children to access a full term of swimming, as a part of our curriculum. We then use money within our PE funding to pay for booster sessions for Y5 and Y6 children that do not meet the national requirements.	Increased engagement of all pupils in regular physical activity	32 Y5 and 23 Y6 children took part in six booster sessions, with 7 Y6's and 4 Y5's now meeting the required standard. All other children have made good progress within their groups.
Alternative Opportunities	£950 £1,500	A mobile climbing wall is used during our Health Week to give upper KS2 children a chance to try something different. We then use this during our Summer Fair for all children. Every Y6 child takes part in a day of water sports, giving all a chance to try a new activity.	Raising the profile of PE across school Broadening the range of sports and physical activities offered to pupils Increased engagement of all pupils in regular physical activity	Children develop resilience and confidence doing something completely different.

	£19,809.75

Key Achievements

Area	Description of Achievement	Impact	Comments
Staff Confidence	Staff have had targeted CPD this year, along with the opportunity to observe well-structured, engaging, and effective PE lessons over a 3-week period to enhance their teaching.	Increased confidence of teaching staff and higher quality of PE delivered throughout the school.	New members of staff were the first to observe lessons to gain confidence in teaching lessons, before opening up to those who wanted support.
County Events	4 teams have made it to county standard events.	More children have taken part in events, with a high amount competing to a high level.	We have been successful in making it through to various area finals and most notably runners up in the SASP County Netball Finals.
Attendance in Extracurricular Sport	Consistently high numbers of children attending ASC's and a high number of inter-school and intra-school opportunities across a range of abilities.	73% of Y6 children representing the school at inter-school events, and 99% of KS2 children taking part in multiple intra-sport competitions.	We continue to make efforts to ensure our primary focus is to attend a range of competitive, friendly, and inclusive events, trying hard to make certain all children have opportunities at their level. We have worked closely with other local primaries to ensure we have opportunities available for our least active and to aide transitions to secondary.
Lunchtimes	Sports coaches are in place at lunchtimes to ensure any sport/games played have more structure and intent.	Children are calmer and more focused during games at lunchtimes and have more fun in the MUGA.	The knock-on effect of this has seen lunchtime staff have more time to work with children on the playground.
Improving Fundamental Skills in Primary Aged Children	We have developed and implemented a staff guidance document to support the improvement of children's fundamental skills across the setting. The resource provided practical strategies and an evidence informed approach to developing key skills, in line with our age related targets.	Intervention sessions that have been led by a PE specialist have had more structure and as a result, more children have improved and less children will need this support in September 2026.	We currently have the lowest number of children requiring extra targeted support in PE that we have had for the last few years.

Swimming Data

Criteria	Percentage
Swim competently, confidently and proficiently over a distance of at least 25 metres.	67%
Use a range of strokes effectively.	67%
Perform safe self-rescue in different water-based situations.	67%
